

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF THE GOVERNOR
HARRISBURG

THE GOVERNOR

GREETINGS:

It is my distinct pleasure to join with all of the Registered Dietitians across Pennsylvania in support of Registered Dietitian Day.

Registered Dietitians have degrees in nutrition, dietetics, public health or a related field from well-respected, accredited colleges and universities, completed an internship and passed an examination. They use their nutrition expertise to help individuals make unique, positive lifestyle changes working throughout the community in hospitals, schools, public health clinics, nursing homes, fitness centers, food management, food industry, universities, research and private practices. Advocates for advancing the nutritional status of Americans and people around the world, they have dedicated their careers to ensuring the health of their fellow citizens by instilling healthy eating habits.

As Governor, I encourage all citizens to recognize the contributions of Registered Dietitians and express appreciation for their commitment to promoting science-based nutrition in the hope of achieving optimum health for both today and tomorrow. I am pleased to lend my support for March 11, 2009 as Registered Dietitian Day.

Edward G. Rendell
