**State College, PA 16803**

## Who We Are

The Pennsylvania Academy of Nutrition and Dietetics PAND, an affiliate of the Academy of Nutrition and Dietetics, is an advocate of the dietetics profession serving the public through the promotion of optimal nutrition, health, and well-being. We are an organization of nearly 3,700 members throughout the Commonwealth of Pennsylvania.

## What We Do

Dietetics practitioners work in health care systems, home care, food service, business, research, nonprofits, and educational organizations. As key members of medical teams in hospitals, long-term care facilities, and health organizations, we provide medical nutrition therapy using nutrition services to treat chronic conditions, illnesses, or injuries and provide health promotion, disease prevention, and wellness services.

## Continuing Education

Dietetics practitioners must earn continuing professional education units (CPEUs) to maintain their credentials and PA licensure. The CPEUs provided at the PAND Annual Conference are one of the crucial reasons why this is the must-attend dietetic professional event for PA nutrition professionals! Once the agenda is confirmed, CPEU totals for the 2026 conference will be announced.
